RESPONSE REQUESTED BY: 12/31/17

SUBJECT: Herington

MESSAGE: Homeowner Responsibility

REPAIR RESPONSIBILITY ADVISORY

Why This Is Important To You

- As a homeowner in Herington, you may be responsible for the maintenance of the water line that services your home.*
- If your water line breaks, you could spend **thousands of dollars** to fix it, since typically homeowners' insurance policies **do not** cover these repairs.
- Your water line is **buried underground** and connects your home to the water main in the street. Repairs can be expensive and may require heavy construction equipment to excavate and repair the line.
- A water line problem could prevent you from being able to shower, wash your hands or use the toilet.
- Without protection, you may be at risk for expensive water line repairs.

How To Help Protect Yourself

- We can help protect you from the **aggravation and cost of a water line leak or break**.
- The Water Line Protection Program is offered by American Water Resources, a subsidiary of American Water, the largest publicly-traded water and wastewater company in the country. The Program is now available for only \$5.49 per month and **protects you for up to \$5,000 for covered water line repairs and for up to an additional \$5,000 for covered water line street repairs per occurrence**.
- We understand how inconvenient a water line break can be, and that's why **American Water Resources will respond promptly**.
- With unlimited service calls from American Water Resources, you can have peace of mind knowing whenever your water line leaks or breaks, you're protected for covered repairs.
- American Water Resources is a BBB accredited business with an **A+ rating**.
- Please take a minute to fill in the Immediate Action Form and return it in the postage-paid envelope. For immediate service, call 1-877-532-5268 or visit AWRUSA.com/Kansas.
